I would give it a higher rating but the books are full of typographical errors. It makes it hard to read some areas because wrong words are used like debts instead of depths and there are so many typos.

Overall I liked this book. It was well written with few typos. I was interested the whole book. This book was good. I recommend for minecraft lovers.

more likely for 10 and up . little kids should never play with minecraft. need to be older than 10 to play!. i'm under 11 years old

My eight year old loves them and wants more. He's never read like this before. I actually catch him past bedtime reading.

Please keep on making these books as they are awesome books and i would say that you should make a second series!

It is a great story. For kids and adults if they like Minecraft. But yeah some mistakes made but still great
