Customer Reviews

I like this item. I've resurrected my trombone from 50 years ago (actually I also bought another one too) and wanted to do some lesson refreshment. I used some Rubank books 50 years ago so I wanted to use the book again. A friend had lent his book to me to use, but i wanted my own so I bought it here. The delivery of the item was just as you had stated it would be. Thank you.

Perfect for any skilled tbone player. As a tbone player myself, it is great for any skill that needs to be improved

Additional purchase to help our daughter with learning a new instrument. Her instructor recommended it and it seems to be working as intended.

These Rubank Method books are fundamental if you are a serious teacher. I have used them for years and continue to be happy with them.

Great book! Came in perfect condition and is a excellent resource.
