Tigers: Amazing Tiger Facts & Pictures (Our Worlds Wild Animals Book 1)

Synopsis

Tigers: Amazing Facts & Pictures is the perfect animal picture book for children wanting to learn more about the lifestyle and habits of the amazing and powerful tiger. This book is filled with tiger facts, interesting comparisons between tigers and other animals, and even people. For example, did you know only fifty percent of tiger cubs survive to the age of two? And can you guess what tigers have in common with people and zebras? Tigers: Amazing Facts & Pictures looks at the habitats, social skills, eating habits, and unique qualities that put tigers at the top of nature's food chain. It is a book that is educational, informative, and entertaining. Books about wild animals often run the risk of being boring for some and too complex for others. But not Tigers: Amazing Facts & Pictures. This book is filled with pictures to capture children's attention and information that is easy to read and understand. It is unique in the fact that it appeals to a wide age-range. Parents and grandparents will even enjoy reading about tigers and learning what makes these wild animals such a force to be reckoned with. In fact, those who have reviewed it say it is an animal book they don't mind reading over and over again. So if you and the young readers in your life want to know how many different breeds of tigers there are, what a tiger's favorite meal is, and how they like to spend a hot, sunny afternoon, Tigers: Amazing Facts & Pictures is a book you will want for your animal picture book collection.

Customer Reviews

This ebook is a MUST HAVE for anyone, regardless of your age! The pictures are absolutely breathtaking, and everyone might learn something new about these beautiful, mysterious creatures. This is a true work of art, and an EXCELLENT addition to my Kindle e-book library. Disclaimer: I received this ebook for free in exchange for my honest and unbiased review, which in NO WAY affects my opinion. If this helped anyone out there please check yes. Thanks so much.

Excellent book! My daughter loves that she now has her own books on the tablet "just like mommy". I would definitely recommend! Excellent for travelling to keep from hauling a bunch of books around. I received this product discounted in exchange for my honest and unbiased review.

I am a young adult of 57 and really liked this small book. It has about 30 pages of content in 6 chapters: What is a Tiger, Where do Tigers Live, What do Tigers Eat, A Tiger's Family and Friends, Interesting Facts about Tigers, and Famous Tigers. The language is not difficult, but it does not talk down to the reader. It presents the information in an interesting and informative way. I learned a lot about tigers myself. The book is not too long to become wearisome. Each chapter ends with a short summary. I wish there were more books like this. There are some minor typos and inconsistencies in the text, so it would be nice if a proofreader went through it. But that is just a quibble. Those minor points are not really bothersome.
