Economics Of Money, Banking, And Financial Markets, 10th Edition

Synopsis

The historic economic events and financial crises of late 2008 have changed the entire landscape of money and banking. Having just served as Governor of the Federal Reserve, only Mishkin has the unique insider's perspective needed to present the current state of money and banking and explain the latest debates and issues for today's students. By applying a unified analytical framework to the models, *The Economics of Money, Banking, and Financial Markets* makes theory intuitive for students, and the rich array of current, real-world events keeps students motivated. Authoritative, comprehensive, and flexible, the text is easy to integrate into a wide variety of syllabi, and its ancillaries provide complete support when teaching the course.

Book Information

Hardcover: 720 pages

Publisher: Prentice Hall; 10 edition (January 16, 2012)

Language: English

ISBN-10: 0132770245

ISBN-13: 978-0132770248

Product Dimensions: 8 x 1.2 x 10 inches

Shipping Weight: 2.8 pounds (View shipping rates and policies)

Average Customer Review: 4.1 out of 5 stars [See all reviews](#) (140 customer reviews)

Customer Reviews

If you're an independent learner; that is, not enrolled as a student in a course at a school, OR IF YOU ARE, BUT THE INSTRUCTOR IS NOT PARTICIPATING (Using the MyEconLab software for course materials), and thus can't provide you with a COURSEID, a warning about the MyEconLab study aid attachment to this textbook; the instructions for registering to use MyEconLab are less than candid. They just say that without a CourseID you can still access "most of the online resources listed." You are directed to a generic Mishkin web site instead of registering at the main MyEconLab portal. Being an honest person, I used the alternate registration. I was still asked for the ZIP for my school; I used my own. I then got a list of local schools or "Other" to choose from. I chose other, and entered "Independent Learner". The registration then completed; the confirmation stated it is only good for SIX MONTHS. If you go to the main MyEconLab Web portal shown in the user manual after

registering as a non-student, your user ID will not be recognized. You have to use a generic portal for the Mishkin textbook instead. What you get there is: e-textbook, glossary, FLASH animated graphs, chapter quizzes and Web links from the textbook margins. The Weekly news selection (web links, so may expire; earliest was Aug. 2004). The "Chapter Readings" in journals, etc. (ditto above). Since these can expire at their parent web sites, I suggest you take the precaution of printing them out (I use Acrobat to make PDF files or download PDF files if available at the source). Also check out any links in the articles and do the same. The Readings are probably the best of what you DO get, along with the animations and quizzes.
