Etudes For Electric Guitar - Book 1: Twelve Solo Pieces For Guitar In Standard Notation And Tab By Kris Lennox

Synopsis

(Music Sales America). If your guitar playing is somehow stuck in a rut, or perhaps you just want some pieces to play away from a band setting, then Etudes for Electric Guitar is the book for you. Designed for intermediate guitarists, these twelve, completely original studies will help improve your technique and range by really focusing on certain aspects of your playing, such as fingering, rhythm and picking. These are challenging pieces, but if incorporated into a practice routine, they'll be hugely beneficial, as well as simply enjoyable to play.

Customer Reviews

Was looking for solo electric guitar work (without the need for backing tracks) that sounds good and builds my chops. This fits the bill perfectly! All of the pieces are *very good* but my favorite ones are Etudes in: Gm, A, D, Bbm (love the bell sounds), and Em.

This is very fun book. I am going through it right now. I hope when I'm done with it there will be Book 2 out.
