Backyard Glassblowing: Making It Work

Synopsis

An autobiographical narrative of glassblowing featuring a private backyard hot shop studio from concept to creation. Backyard Glassblowing relates the author's journey of working toward becoming a selling glassblower. It is written retrospectively by an intermediate glassblower learning the trade. Encounters related to glassblowing are shared, including glassblowing lessons, hot shop setup, equipment setup, working in the hot shop, cold working, selling, marketing, and art events. The book includes practical information, tips and advice, a monthly budget, the studio layout, and a full glassblowing equipment list with cost information.

Customer Reviews

The great thing about this book is that gives a realistic viewpoint on becoming a glassblower. Many books present a flowery overview of the art but few spell out the costs involved, the struggles of making a name for yourself in the art show circuit, and how to display your works. I am a glass artist myself and I can relate to this story on a personal level.

Very cool!
